

*Adopted: June 2011*

*PiM Arts High School Policy 505*

*Revised: November 2017*

## **505 Admissions Policy**

*[Note: The provisions of this policy complies with Minnesota statute]*

- I. PiM Arts High School is a tuition-free public charter school, committed to cultivating and challenging each learner's intellectual and expressive potential in a rigorous academic and artistic setting.
- II. PiM Arts High School does not discriminate on the basis of race, creed, color, sexual orientation, disability, national or ethnic origin in its educational program, admissions or employment, or any other program offered by the school.
- III. Registration is open to all students entering grades nine through twelve. Before admitting a student on the lottery list, PiM Arts High School shall give preference for enrollment to siblings of an enrolled student and to a foster child of that pupil's parents.
- IV. PiM Arts High School is limited by the size of the building, therefore enrollment is capped at 500 full-time students. Should enrollment exceed 500 full time students, a waiting list is established. If enrollment subsequently drops below 500 students, new students will be drawn by lottery and notified of their acceptance within three days of the occurrence of the opening.
